

## e-Learning Lingo Podcast Defines “Peer-to-Peer Networks”

Waltham, Massachusetts –June 11, 2009

[music]

**Announcer:** The e-Learning Lingo Podcast.

**Mary Kay Lofurno:** Hello, this is Mary Kay Lofurno, Marketing Director here at SyberWorks. Welcome to the 95<sup>th</sup> episode of the e-Learning Lingo Podcast series. Last week, Dave Powell talked about “force field analysis.” This week, Dave defines “peer-to-peer networks.” So I ask you, do you know your e-learning lingo?

[theme music]

**Mary Kay:** Hi, Dave. So tell us about peer-to-peer networks?

**David Powell:** Peer-to-peer networks commonly known as P2P networks allow users to connect their computers and share files directly with each other. This eliminates sending the files through a central server.

**Mary Kay:** What are the benefits of peer-to-peer networking?

**Dave:** By using the cumulative bandwidth of all network participants, it allows for fast and easy file sharing including audio files, videos and anything else in digital format.

**Mary Kay:** Thanks, Dave. Have a great afternoon.

**Dave:** You too Mary Kay, talk to you soon!

**Mary Kay:** This is Mary Kay Lofurno, Marketing Director at SyberWorks. Thanks for listening to episode 95 of the e-Learning Lingo Podcast. This week, Dave Powell talked about peer-to-peer networks. The episode 95 podcast audio and transcript will be posted on the e-Learning Lingo Podcast blog.

Next time on the e-Learning Lingo Podcast, we will talk about a term used in online course development. Until that time, have a great week.

**Announcer:** SyberWorks Podcast. Learn any time, any place.
